Felt Bird Bookmark

Provided in the kit:

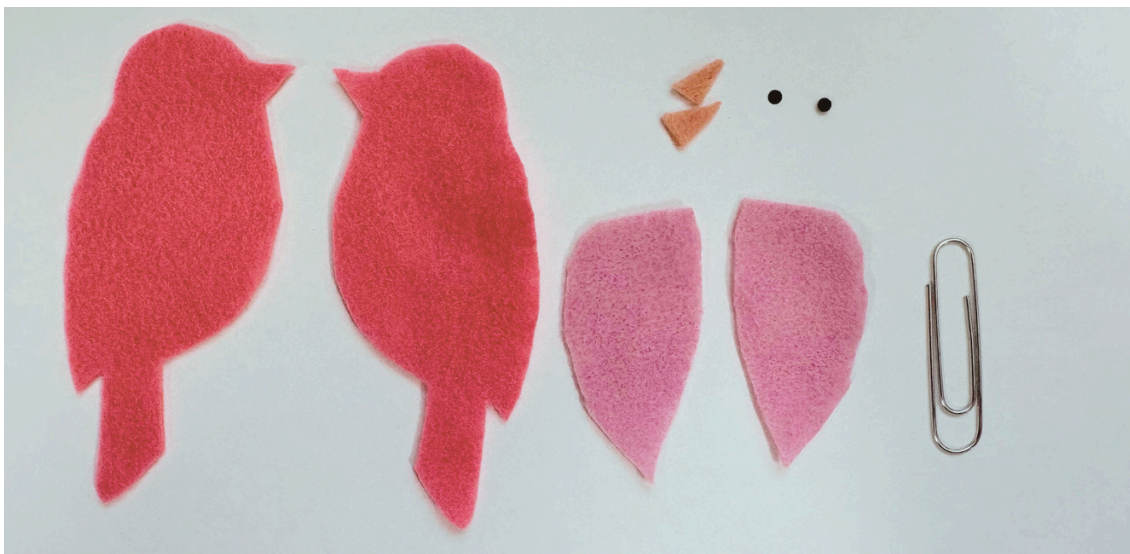

- Felt Bird Pieces
 - 2 Bodies
 - 2 Wings
 - 2 Beaks
- 2 Stick-on Gems
- Jumbo Paperclip

You'll need to provide:

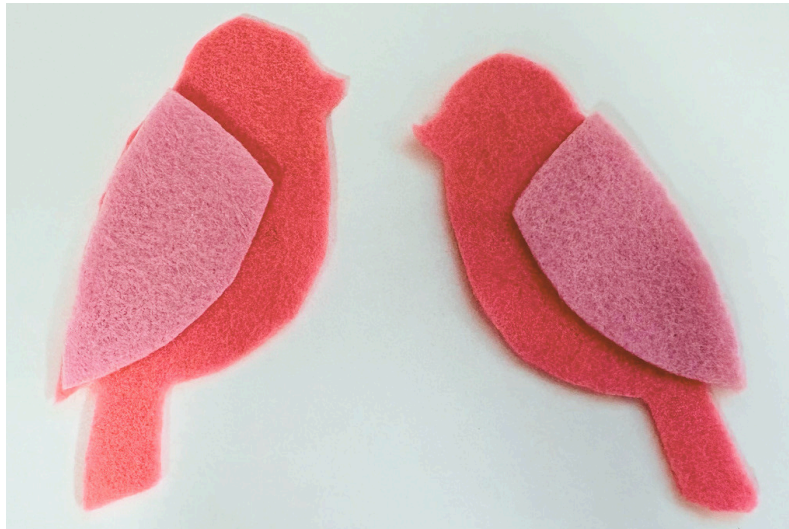

- Glue - hot glue or tacky works best

Instructions:

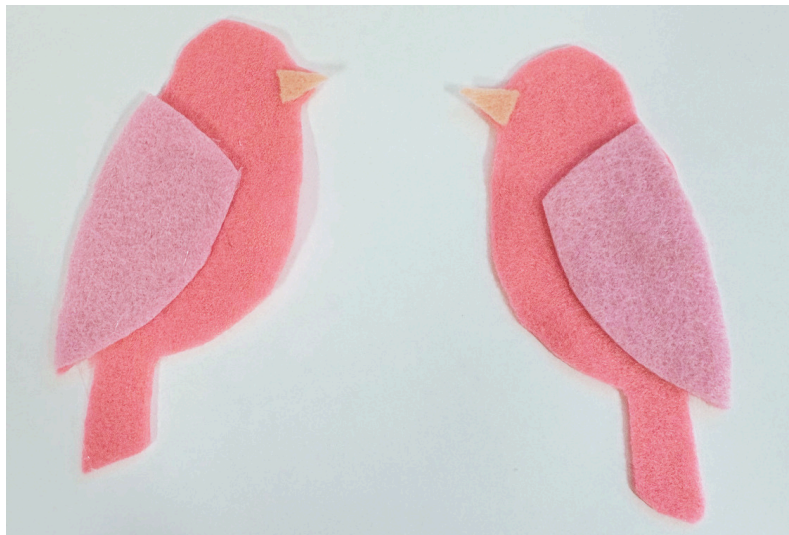

1. **Sort your pieces.** Separate all felt bird parts. Place one bird body facing to the right and the other facing to the left.

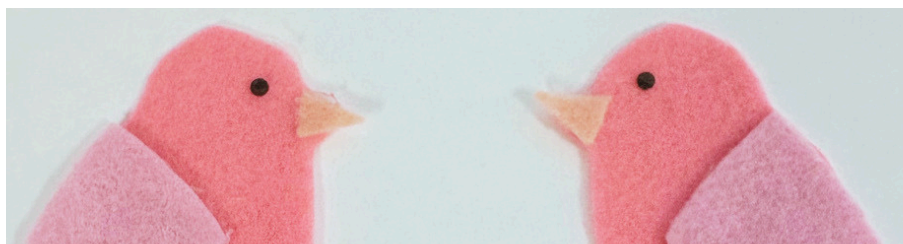

2. **Attach the wings.** Glue the wings onto each bird body. Make sure you are placing them on opposite sides so that when the two bodies are joined, they form a double-sided bird.

3. **Add the beak.** Glue a beak onto each bird body.

4. **Add the eyes.** Stick the gemstone eyes onto each bird body.

5. **Attach the paperclip.** Flip one bird body so the blank side is facing up. Position the paperclip with the smaller end at the top. Make sure the clip portion extends outside the edge of the bird body. Glue it in place.

6. **Assemble the bookmark.** Glue the second bird body on top of the first, aligning all edges. Press firmly and let it dry completely.
